Business Question and Visualization Report

Date	25 October 2026
Team ID	EN25CS3011074
Project Name	Global Olympic Sports Performance Analysis
Maximum Marks	5 Marks

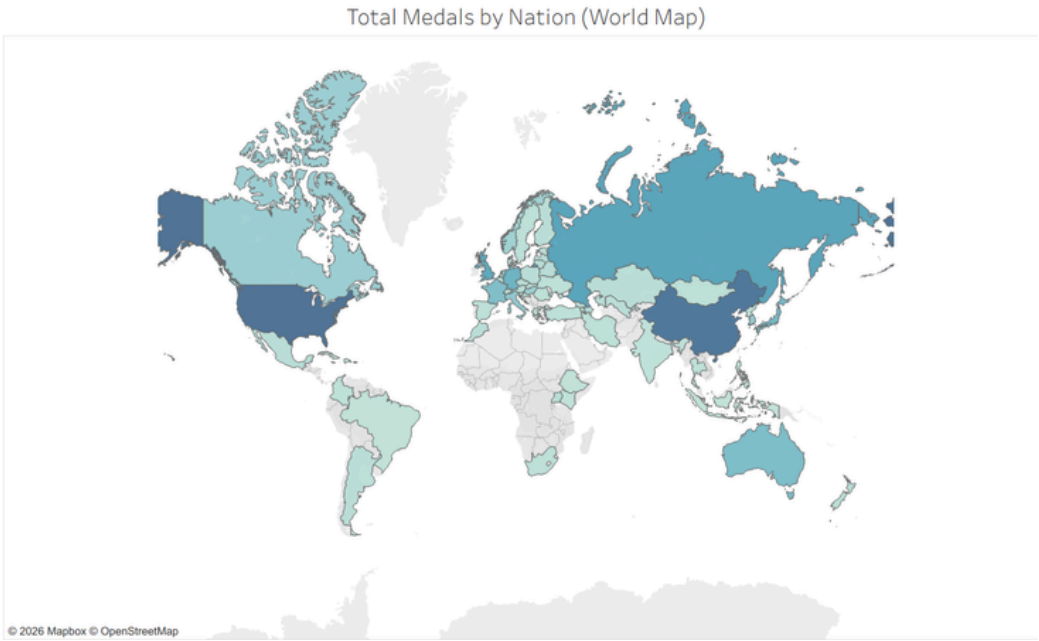

Visualization development refers to the process of creating graphical representations of data to facilitate understanding, analysis, and decision-making. The goal is to transform complex datasets into visual formats that are easy to interpret, enabling users to gain insights and make informed decisions. Visualization development involves selecting appropriate visual elements, designing layouts, and using interactive features to enhance the user experience. This process is commonly associated with data visualization tools and platforms, and it plays a crucial role in business intelligence, analytics, and reporting

Business Questions and Visualisation

The process involves defining specific business questions to guide the creation of meaningful and actionable visualizations in Tableau. Well-framed questions help in identifying key metrics, selecting relevant data, and building visualisation that provide insights.

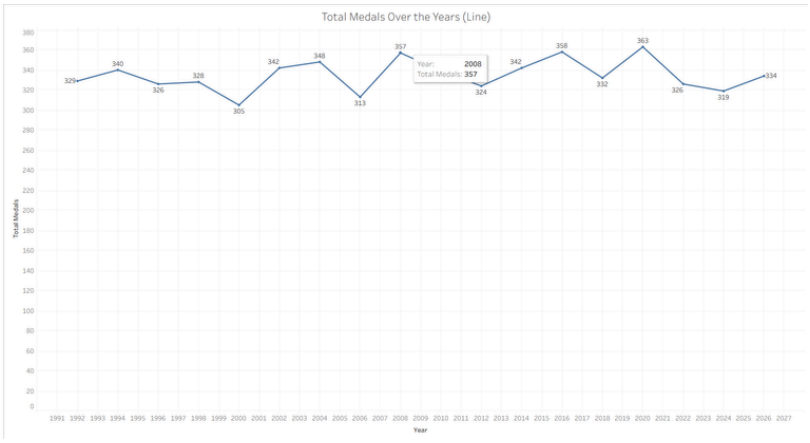

1. Which countries win the most medals?

- *Visualization:* Filled world map of total medals by nation.
- *Screenshot of visualisation*

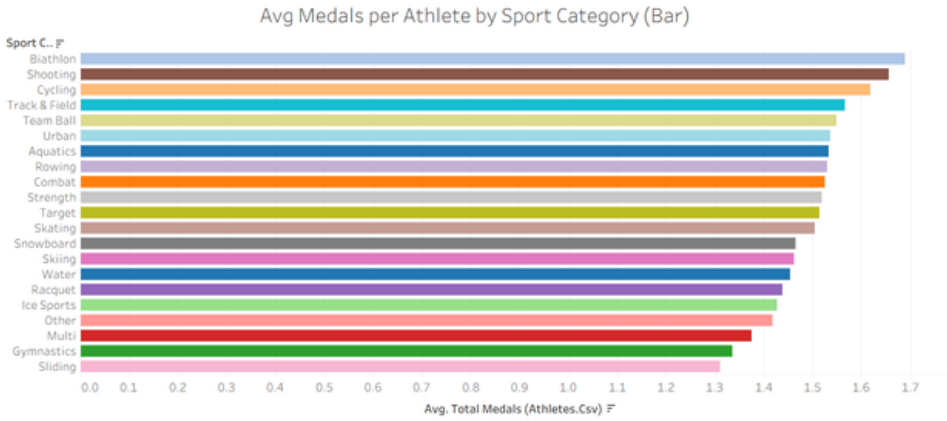

2. How have total medals awarded changed across the Games from 1992 to 2026?

- *Visualization:* Line chart of total medals awarded by year.
- *Screenshot of visualisation*

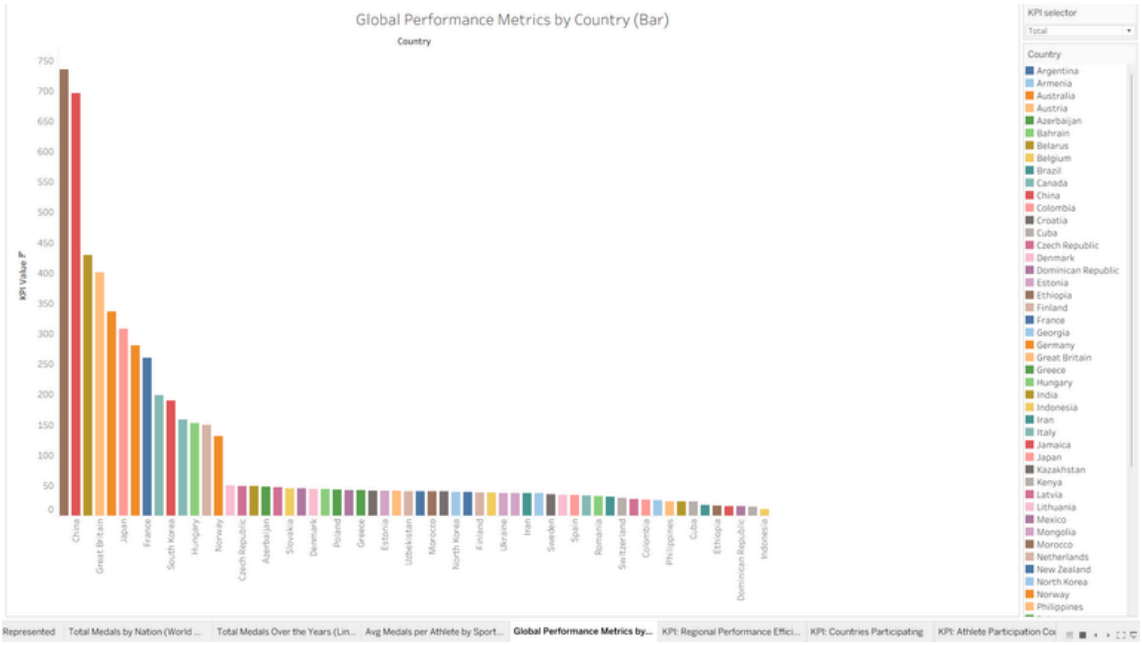

3. Which sport categories deliver the most medals per athlete?

- *Visualization:* Horizontal bar chart of average medals per athlete by sport category.
- *Screenshot of visualisation*

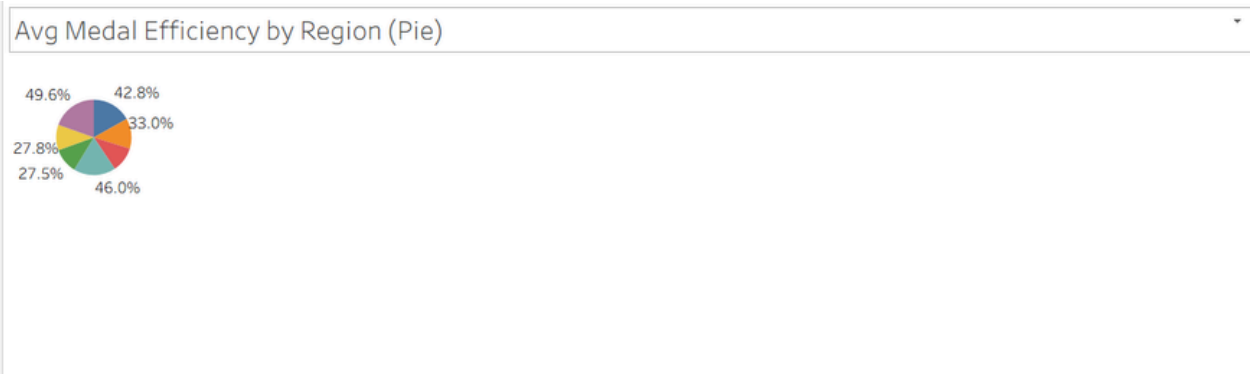

4. How do countries compare on total, gold, silver and bronze medals?

- *Visualization:* Vertical bar chart of medals by country with a KPI selector parameter.
- *Screenshot of visualisation*

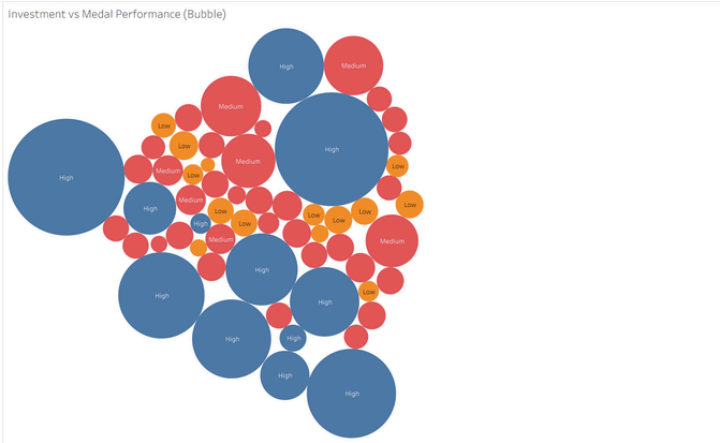

5. Which regions convert athletes into medals most efficiently?

- *Visualization:* Pie chart of average medal efficiency percentage by region.
- *Screenshot of visualisation*

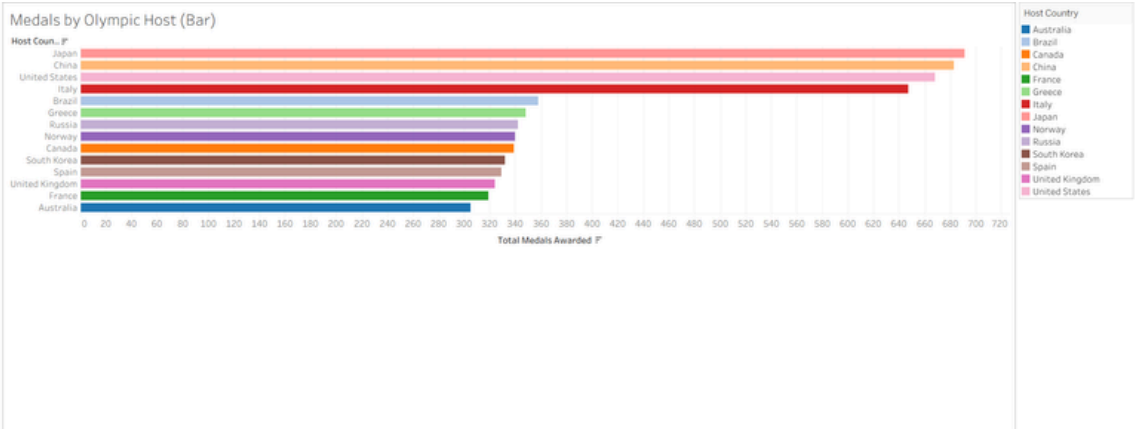

6. Does the level of sports investment relate to medal performance?

- *Visualization:* Packed bubble chart of countries sized by total medals and coloured by sports investment level.
- *Screenshot of visualisation*

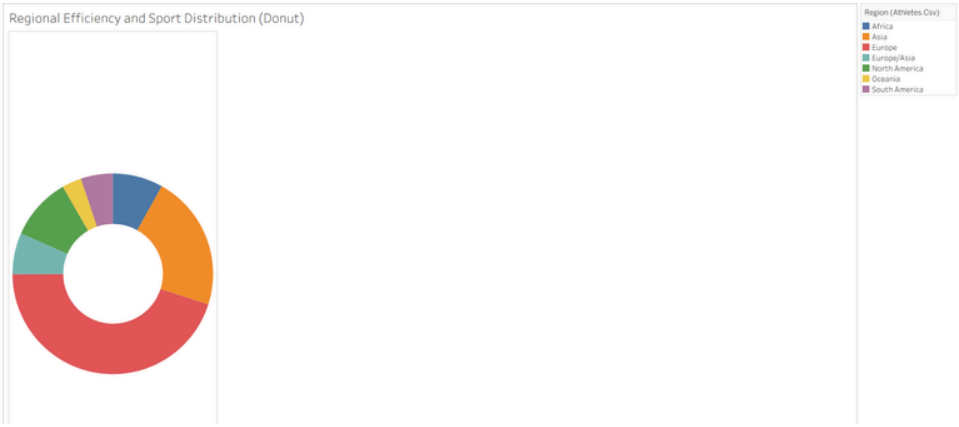

7. How do medal totals compare across Olympic host countries?

- *Visualization:* Horizontal bar chart of total medals awarded by host country.
- *Screenshot of visualisation*

8. How are athletes distributed across regions and sport categories?

- *Visualization:* Donut chart of regional distribution by sport category.
- *Screenshot of visualisation*
